

TOP FIVE REASONS TO PICK HPE PROLIANT

**“Why do you
use HPE ProLiant
servers?”**

1

RELIABILITY

“I have been using HPE ProLiant for many, many years and have rarely had an issue that could not be resolved.”

—**Dave Hausmann**,
BSIT/ISS Associate Information Officer, Su Clinica¹

2

SUPPORT

“When we had a part die, a replacement was sent with a tech to replace it by the next morning.”

—**Sean Wolsey**,
Independent Contractor, SnS IT¹

3

VALUE

“Standardizing on HPE ProLiant servers has...allowed us to spend more time on selling and less on support.”

—**Marco Iannetta**,
IT Professional, MAI Computing²

4

LOYALTY

“We have been relying on HPE ProLiant Solutions for 20+ years and no reason to change.”

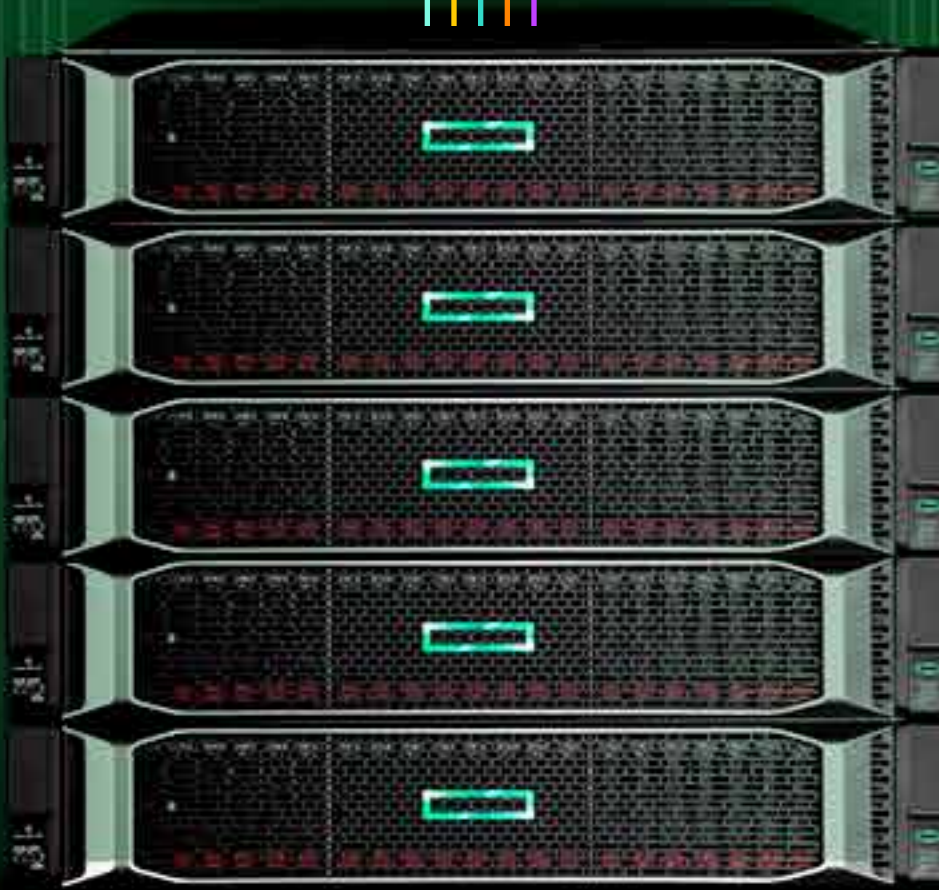

—**Brian McNutt**,
System Administrator, Moore Ingram
Johnson & Steele, LLP²

5

MANAGEABILITY

“HPE ProLiant servers are a shoo-in because they are easy to install/upgrade.”

—**Thomas Latimer**,
Owner/Chief Consultant, Precision
Computer Systems²
